Notes to Editors:

Solid State plc (SOLI) is a value added electronics group supplying commercial, industrial and defence markets with durable components, assemblies, manufactured units and power units for use in specialist and harsh environments. The Group's mantra is - 'Trusted technology for demanding environments'. To see an introductory video on the Group - https://bit.ly/3kzddx7

Operating through two main divisions: Systems (Steatite, Active Silicon & Custom Power) and Components (Solsta & Pacer); the Group specialises in complex engineering challenges often requiring design-in support and component sourcing for computing, power, communications, electronic, electro-mechanical and opto-electronic products.

Headquartered in Redditch, UK, Solid State employs approximately 400 staff across the UK and US, serving specialist markets with high barriers to entry in industrial, defence and security, transportation, medical and energy.

Solid State was established in 1971 and admitted to AIM in June 1996. The Group has grown organically and by acquisition - having made three acquisitions in the last four years.
